innovation for excellence

About Us

Ghanshyam Eng - Mech Pvt. Ltd. was founded in 1999 based in Rajkot (Gujarat). Over the past 25 years the company has built a reputation for delivering innovative and reliable products like fluorescent lighting accessories, connector and holder that meet the needs of customers in India.

We expanded our business operations by starting a new venture as Exlon International. There, we are manufacturing Plastic and Aluminium LED light housing (fixtures).

Our team of experts is dedicated to ensuring that our products are always of the best quality and we are proud that our products are widely used by many well-known companies in India.

Our vision and mission are to be a respected manufacturer and to be a one-stop solution provider for LED housing products. We believe in achieving excellence in everything we do. We are always looking for ways to improve and develop products to meet the changing needs of customers.

If you are looking for reliable and quality products, Ghanshyam Eng - Mech Pvt. Ltd. and Exlon International are your ideal partner. We are committed to providing quality, affordable and reliable service.

We look forward to serving you.
